A Great Mistake.

A recent discovery is that herdache, dizziness, duliness, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the deraugement of the nerve centers supplying these or-

ment of the nerve centers supplying these organs with nerve fluid or force. This is like wise tree of many diseases of the heart and lungs. The nerve system is like a telegraph system, as will be seen by the accompanying rut. The little white lines are the nerves which convey the nerve force from the nerve centers to every part of the body, just as the electric current is conveyed along the telegraph wites to every physicians fail free and this fact; instead of treating the nerve restored the nerve res Franklin Miles, M. The silver wing of the Republi can State Convention unanimously adopted the 'ollowing platform:

The convention endorses and adopts the platform of the Repubcity on the 30 of April last, as follows;

Resolved, That we condemn the Republican party of the Eastern states and the a ministration of President Harrison, insofar as they have failed to accomplish the complete remonetization of silver, and to enact laws providing for the free and unrestricted coinage of that metal.

Resolved. That the restoration of silver to the place it peopled previous to the passage of the Mint Act of 1873, is essential to the prosperity of the country and paramount to all other political considerations. The legislation which robbed silver of its money functions and denied to the owner of eliver bullion the right to have the same coined into money upon the some terms and conditions which apply to the coinage of gold, reduced the money of ultimate redemption or payment, about one-half, and enabled the owners of money and obligations payable in money to monopolize the coin of the commercial world.

Resolved, That the people of Nevada are in favor of the coinage of silver upon the same conditions which apply to the coipage of gold, and they are opposed to elevating any person to office who is not known to be unequivocally in favor of opening the Mints of the United States to the free and unlimited coinage of silver.

In view of the unsatisfactory attitude of President Harrison to the paramount issue of the remonetization of silver, this convention will make no neminations for Presidential electors and the State Central Committee to be appointed by this Convention shall have no authority to put in nomination electors.

The Convention cordually endorses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondholders and laborers and producers of

wealth. And we favor the continuation of agitation and contention for the free and unumited comage of silver at the present ratio of 16 to 1, for their own benefit and for the menetit of the people at large miners, farmers, laborers and me

chanics. The citizens of Nevada, representatives of the various silver leagues, irrespective of past party affiliations, in convention assembled, do set forth the following declaration of principles:

Fi st. We demand the full remon tization of silver and the free and unlimited coinage thereof, at the present ratio of 16 to 1 Second. We are radically and

unalterably opposed to the Nation al Republican and Democratic parties on the question of the iree coinage of silver and we denounce the action of their recent national conventions as inimical to the material interests of the people of the United States, and especially to those of Nevada and all the other mining states and territories, and we therefore repuliate the nominees of their convention.

Third. We pladge the nominees of this convention for Presidential electors to 'upport no man for President or Vice-President f the United States who is not un quivocally in favor of free coinage as defined by this con. ation. We reseave to the silver leagues of Nevada, in Convention assembled, \$1 the right of directing said Presidential electors for whom to cast their votes, should conjugencies GEO. S NIXON. require.
